

Solar Home

Sept 09

Smoke cleanup

- The cleaning company did such a good job that I felt unworthy walking into the place

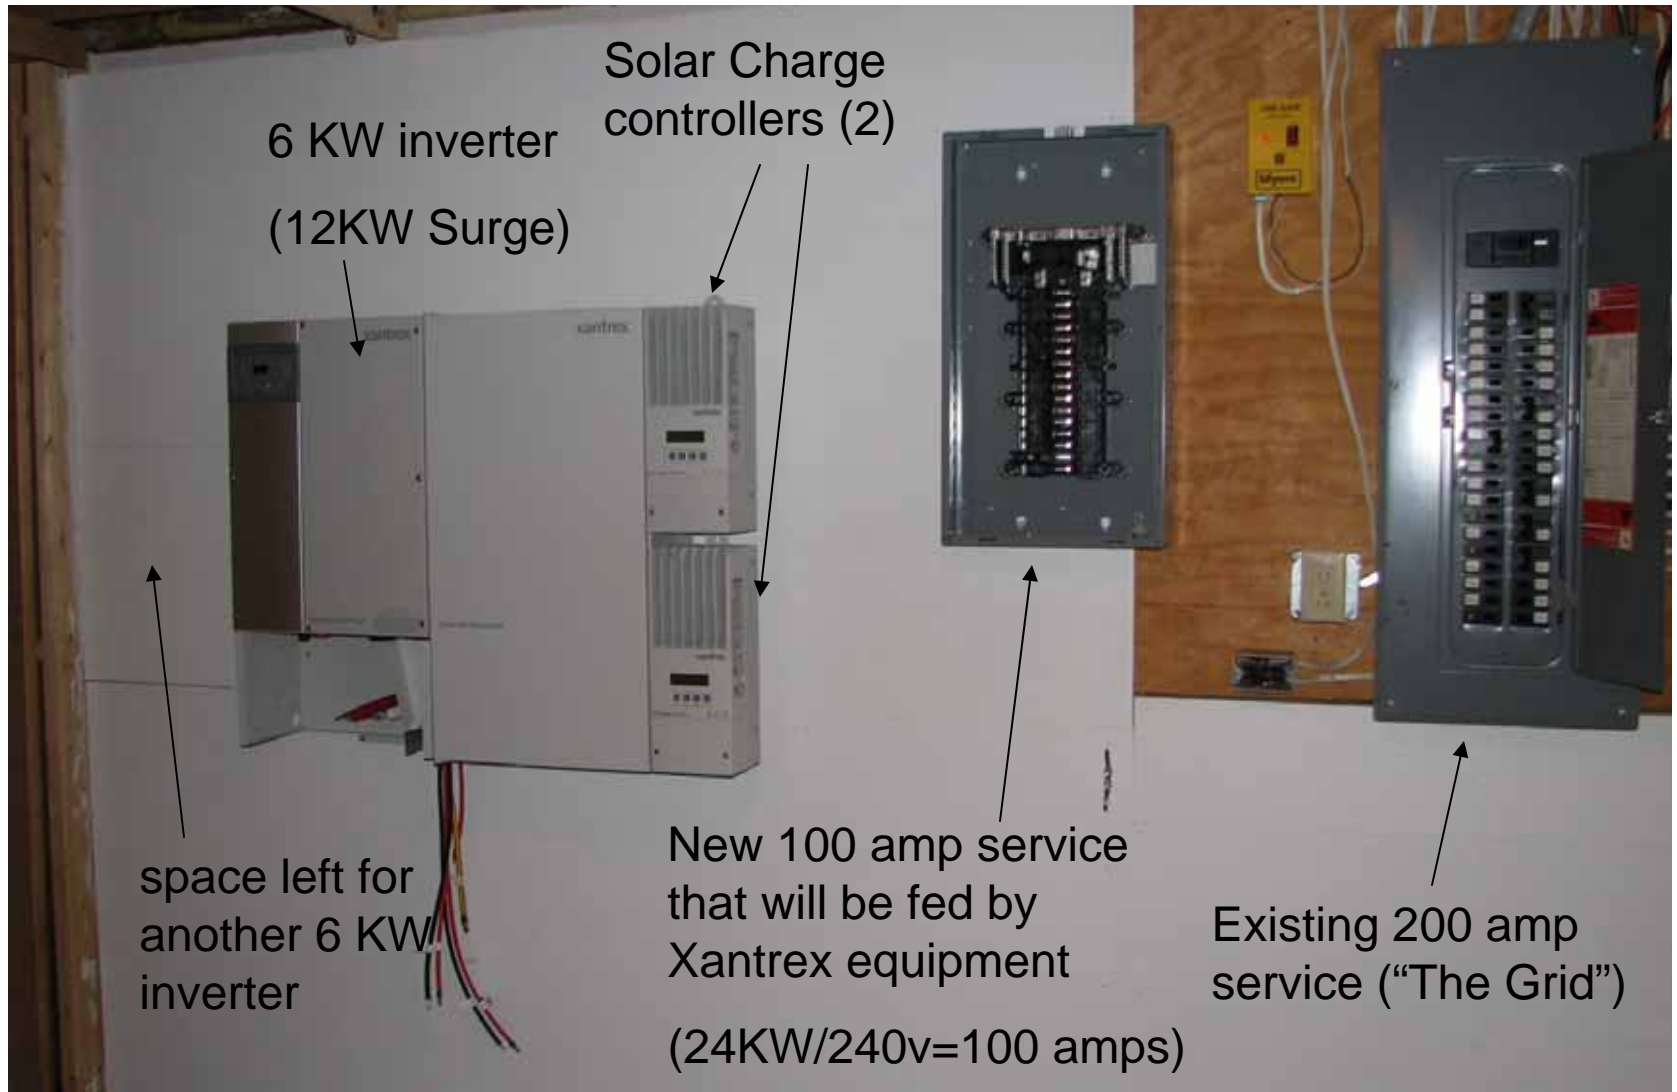

Smoke cleanup

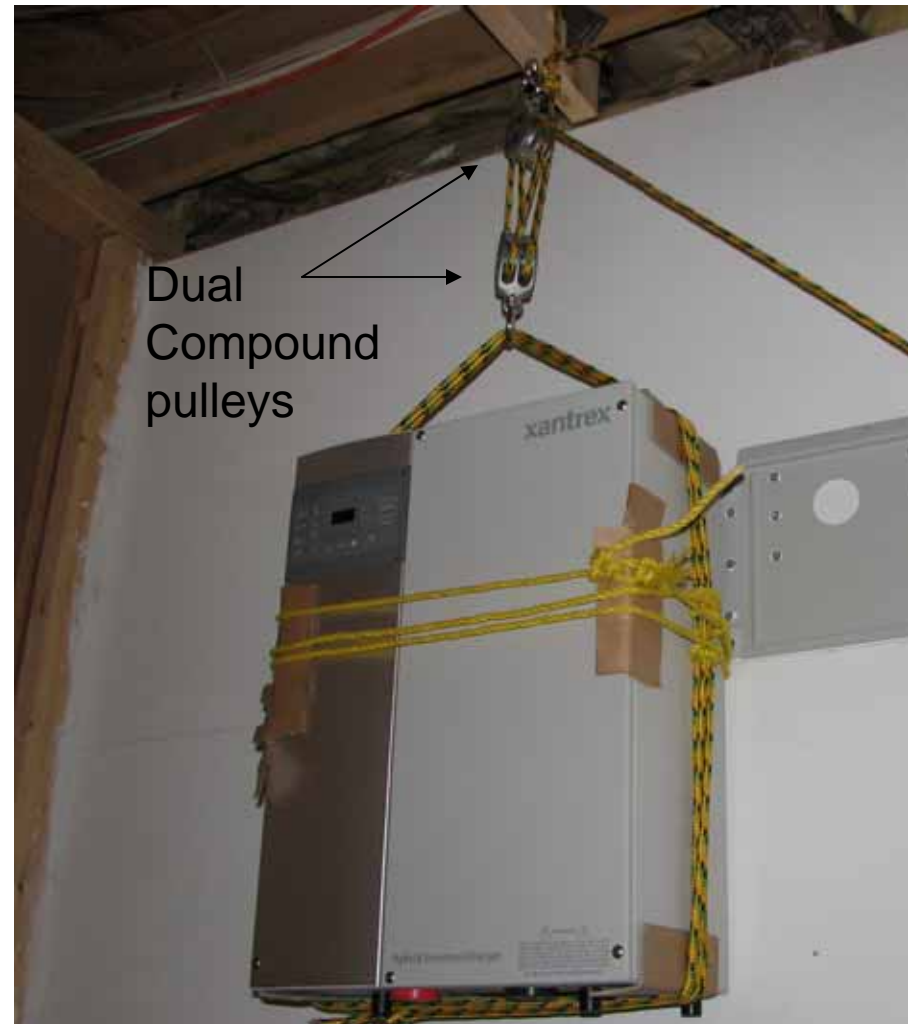

Solar Installation

- Xantrex equipment was mounted last weekend

Working alone requires help from ancient machines

Harbor Freight Tools is the only one who has compound pulleys (that I could find)

New Machines: Electric Winches installed at key locations to help with battery move

- Cant find pics
- Batteries weigh 300 pounds each

New Machine on the way

John Deere 3320

Attachments ordered: Front Loader, Backhoe, Pallet Forks (turns it into a fork lift), and 72 inch mower deck – mower deck attaches by driving over it – see demo:

Even Bigger Tractors

4000 series on left and 5000 series on right

I let a neighbor “hay” my lower 6 acres. He feeds his horses and my property is kept from “growing” to hell. The bales remind me of ancient megaliths.

Pepper and CiCi in face to face

Nat Gas drilling in Dimock (off route 29)

Unfortunately, the previous owner of my property leased the land for nat gas drilling – I hope the lease expires without this occurring.
